POWERS IS ILL

He Asked the Court to Discontinue the Night Sessions

GOLDEN IS ON THE STAND

He Tells What He Said When Goebel Was Shot and What Powers Said.

LATEST FROM THE BIG TRIAL

Georgetown, Ky., Oct. 18.—Wharton Golden, whose testimony was admitted by the court yesterday afternoon late admitted on cross examination that he said when heard that Goebel was shot, "It's a good thing." He said that Powers said, "It's a shame and a disgrace." Golden flatly contradicted the Hopkins testimony on important points. Miss Sadie Snuffer followed Golden. She said the reason she testified in the first trial was that she was threatened with arrest.

Powers asked a discontinuance of the night session owing to his feeble health.

The request was taken under advisement.

Yesterday afternoon Powers was late coming into court, and Jailer Reed says he was seized with a vomiting spell, which put the prisoner to bed. He finally dressed, however, and walked to the courthouse. It is said that Powers is eating little and is not able to sleep. It is claimed that he is breaking down and may not be able to bear up until the trial is finished. Powers is extraordinarily pale and does not appear to be as deeply interested in the proceedings as heretofore.

At 3:30 o'clock yesterday Wharton Golden was placed on the witness stand and T. C. Campbell began to examine the witness.

Judge Sims asked that the jury be dismissed and asked Golden if he was not under indictment as an accessory to the crime. The witness replied he was. Mr. Owens then objected to the introduction of the witness and asked the court to exclude him as a witness in the case.

QUICK WORK.

Preacher Was Fined in the Federal Court at Cairo.

The Judge Told Him Such Men Ought to Be Removed from the Ministry.

Cairo, Ill., Oct. 18.—Wednesday night Rev. G. W. Olmstead was conducting prayer meeting in his church at Tower Hill, Ill. Yesterday he stood before Judge Humphrey and pleaded guilty to sending obscene matter through the mails and was given his choice of spending five months in jail or paying a fine of \$300, and costs. Tall and fine looking, well dressed, bearing every mark of an intelligent gentleman, it was a remarkable scene that presented itself to the spectators in the court room as he confessed to this ugly charge. Rev. Olmstead was arrested and brought down here by Deputy Marshal D. G. Williams. His offense was sending a circular advertising a female remedy, through the mails. The circular was sent over his wife's name, for he has a wife and two children. The preacher stated that he did not know that he was doing wrong and that as soon as he learned that he was stopped the business. He stated that he was a Methodist minister and had been preaching for seven years. He said that he was educated in the Northwestern University and at DePaul. He said that he preferred paying a fine to serving in jail, as in the latter case he would lose his position in the Illinois conference. Judge Humphrey told him that a man committing that offense ought to be removed from the ministry.

SOUVENIR STAMPS.

THEY HAVE ALL BEEN CALLED IN, EFFECTIVE NOV. 1.

Postmaster Fisher has received notice from the postoffice department that all of the Pan-American stamps are called in, effective November 1. Those remaining over will be cancelled. There are in the local office only stamps of the higher denominations the ones and twos having been sold.

A little girl takes it for granted she is going to get married and have seven or eight children, just the way a little boy takes it for granted he isn't.

A BLOODY MIX-UP.

Ten More Soldiers Killed in the Philippines.

The Rebels Were Routed, and One Hundred of Them Were Killed.

Manila, Oct. 18.—Five hundred

bolomen on Samar Island attacked a detachment of the Ninth infantry, and killed ten and wounded six. A small American detachment was scouting nearby and chased the rebels, killing one hundred of them.

BOYS SECRETARY.

Mr. E. O. Reid Has Been Appointed at the Y. M. C. A.

Basket Ball Game This Evening—Other Y. M. C. A. Notes of Interest.

Mr. E. O. Reid, brother of Rev. J. C. Reid, of the Cumberland Presbyterian church, has been appointed the secretary of the boys' department of the Y. M. C. A., and will assume his duties on Monday, the 28th of the present month. He has been a hard worker in the cause of the association, and has taken charge of the boys' meetings for the past several weeks. He understands the work thoroughly, and will make a competent man for the place. Secretary Escott will now devote more of his time to the educational and religious departments and better results are expected. More interest will be aroused in the boys' work, also, as a result of the special office appointment.

The business men's class in athletics met last night, and there were not less than twenty-five members present. This is the first year that the business men have ever been interested in this class of the work, and the outlook is more than encouraging. The public has been reading up on physical culture more during the past several years than ever before, and are adopting the exercises all over the country.

The result of the meeting of the state committee at Louisville last night to award the state convention has not been made public. State Secretary H. E. Rosevear and Mr. Michel, the assistant state secretary, were working hard for the interest of Paducah, and it is thought that the convention will be secured for the city.

The High School and Y. M. C. A. basketball teams will play a match game at the Y. M. C. A. gymnasium tonight at 7:30, and the public is cordially invited to attend. The members of the teams have been in constant practice for tonight's event, and the game will be hotly contested.

The penmanship and bookkeeping classes will meet at the association tonight. The membership increases more rapidly in this department of the educational work, as the studies are the most sought after.

The invitations to the religious institute at the association Monday night were sent out today, and a good attendance is expected. The institute will be in session one day only.

LITTLE PROPERTY.

SNOW ESTATE ESTIMATED AT NOT OVER \$12,000.

Salt Lake City, Utah, Oct. 18.—O. G. Snow has been appointed by Judge Hall special administrator of the estate of his father, the late President Lorenzo Snow, of the Mormon church, with bond fixed at \$20,000. President Snow left no will, and the property owned by him, according to the petition, is valued at \$10,000 to \$12,000. In the petition appear the names of thirty heirs, numbering two wives, twelve sons, thirteen daughters and three grandchildren, but in the list the name of Lerol O. Snow, the respected favorite son of the late church president, does not appear, neither does the name of his mother, Minnie Jensen Snow, the youngest wife, with whom the decedent was living at the time of his death. Judge Bowman, attorney for the special administrator, said the omission was unintentional and was probably due to a mistake made by the typewriter in copying the list. The omission, he said, would not in any way affect the rights of these two heirs.

FAVORABLE TO SCHLEY.

LIEUT. COMMANDER NICHOLSON TESTIFIED THIS MORNING.

Washington, Oct. 18.—Lieut. Commander Nicholson, of the Battleship Oregon, testified at length this morning favorable to Schley.

POLICE TO HELP

They Ask Congress to Enact a Law to Enable Them to Deal With Anarchists.

THEY WILL DO THE REST.

Police Chiefs and Detectives in Session at the National Capital This Week.

THE IDENTIFICATION BUREAU.

Washington, Oct. 18.—The board of governors of the National Bureau of Identification, comprising leading police chiefs and the head of the Pinkerton detectives, has adopted a recommendation to be urged on congress for legislation looking to the suppression of anarchy. The recommendation, which will be forwarded to each member of the National Association of Chiefs of Police, urged the necessity for congressional legislation defining anarchy and authorizing all police officers to arrest and prosecute all such offenders under that law who may be found within their jurisdiction. The board further recommends that all police and city marshals use their utmost endeavors to impress on their respective senators and representatives in congress the necessity for immediate action.

The action followed a general discussion of the steps necessary to guard against persons inimical to good government and organized society. The board also unanimously approved the bill prepared by Chief Sylvester of this city, providing for a congressional appropriation of \$25,000 for maintenance of the identification bureau and disseminating of criminal information and it will be introduced in both houses during the coming session.

SURE SHOT.

Cameras Used in Chicago to Get Cases Against Strikers.

One Lineman Precipitates a Lively Time in the Windy City by the Lake.

Chicago, Oct. 18.—F. E. Farnum while making repairs on a telephone wire under the guardianship of a special policeman, claims he was attacked by seven men whom he claims he recognized as strikers. Farnum, like other non-union men, carried a camera for the purpose of taking snap shots of any one found injuring the telephone company's property. He quickly got a focus on the crowd and pressed the button. This angered the seven men and they threatened to take a photograph, whereupon he drew a revolver and fired a shot over their heads. The men started to run, followed by two patrol wagons loaded with policemen, a riot call having been turned in. Four of the men were arrested. Farnum said he believed he had secured a good picture of all the men and the police say that when the picture is developed they will get the remainder of the crowd.

The linemen, numbering 250, went on a strike a month ago. It has always been difficult to identify strikers charged with violence and the expedient of equipping non-union employees with cameras is a novelty likely to prove of practical use.

UNIQUE WEDDING.

KENTUCKY COUPLE MARRIED IN A SKEFF AT METROPOLIS.

Metropolis is the town of unique weddings. Just before noon yesterday Enoch Fuqua and Lula Hibbs, a matrimonially inclined couple of Kentucky, came across the Ohio in the ferryman's skiff and sought the assistance of Judge Liggett. This gentleman had been previously informed by a friend of the prospective groom that the couple would be there and had secured license for them.

He met them at the foot of Ferry street the skiff was pulled out of the water to get it on Massac county soil and to hold it steady and there standing side by side they were made man and wife. After the ceremony they promptly returned to Kentucky.

This was the second skiff wedding to occur in Metropolis. The former one occurred last February one cold morning when the river was very rough.

AYERS WINS AGAIN.

COURT OF APPEAL DECIDES IN HIS FAVOR AT FRANKFORT.

Frankfort, Ky., Oct. 18.—Judge Paynter, in chambers, this morning decided the appeal case of Ayers and Platt, from Hickman and Fulton counties in favor of Ayers. Col. Mott Ayers and R. B. Platt both claimed the Democratic nomination for representative and the county clerk in Hickman announced his intention of placing Platt's name under the rooster and the clerk in the other county decided in favor of Ayers. The latter filed an injunction suit to compel both clerks to place his name under the rooster and it will now have to be done.

TO COLLECT A FEE.

Attorney L. K. Taylor filed a suit in Judge Emery's court this morning against James Spriggs, father of the colored youth who killed his sweetheart several weeks ago, to collect an attorney's fee of \$50.

NEARLY READY.

ARTICLES OF INCORPORATION FOR NEW RAILROAD ARE ALMOST FINISHED.

The articles of incorporation for the projected Paducah and Cairo railroad are about ready to be filed, and the formal election of officers is expected to take place not later than next Monday.

The company desires to get all its terminal property and rights of way before organizing, and finds some difficulty since the plans of the enterprise have become known, owing to a raise in the price of some of the property. All this will be arranged in due time, however, and work will begin at once.

"DADDY" PEAL ILL.

"Daddy" Peal, the well known policeman, is very ill at the home of relatives in Ballard county. He has been ill for some time of rheumatism but recovered from his late attack and was on the streets several days ago. His many friends will regret to learn of his relapse.

IN POLICE COURT.

One Young Man in Serious Trouble, Charged With Robbery

The Other Cases Were of Little or no Importance Today.

A. A. Webster, of Brandenburg, Marshall county, claims to have been robbed of \$150 and a watch night before last near Third and Court streets. The watch, it is alleged, was seen in possession of Forrest Smith, but the money has not been recovered. Smith was arrested by Captain Bailey and Officer Nance last night, and threw a pistol he had concealed in his pocket over into a yard near the city hall. It was found by the officers, and he was this morning fined \$25 and costs and sentenced to ten days in jail for carrying a deadly weapon concealed. The robbery case was continued until Monday.

The case against Hardin Mansfield, an old man charged with obtaining property by representing to Mr. Meacham, that he was employed by the city, and getting board on the strength of it, was dismissed, the evidence showing that he was misunderstood.

Tom Berry was fined \$3 and costs for disorderly conduct and D. Orr \$1 and costs for a plain drunk.

A FAIR ELECTION.

COMMISSIONER YERKES SPEAKS IN FAVOR OF BETTER LAW IN KENTUCKY.

Washington, Oct. 18.—Commissioner Yerkes, in a speech before the Kentucky Republican club here last night said that he had opposed the force bill, but now favored a federal law that would give Kentucky fair elections. His address was one of the best ever heard here.

—Mr. Clarence Goodman, an employee at the Jackson foundry, had the second finger on his right hand mashed off by a crane yesterday afternoon. Dr. Rivers attended him.

VETERANS

WHO FOLLOWED THE BONNY BLUE FLAG WILL ASSEMBLE NEXT WEEK.

Louisville, Oct. 18.—The annual reunion of the Kentucky division of the United Confederate Veterans' Association will open at noon next Tuesday at Music hall. Major General J. M. Poyntz, state commander, will preside over the convention, which will last two days.

It is estimated from letters received by Commander Poyntz that there will be about 200 delegates in attendance. These will represent the 67 camps of the state and about 4,000 individual members. The most important feature of the reunion, next to the election of officers, will be the steps taken toward equipping and enrolling the new Confederate Home, which has been established on East Chestnut street. It is expected that an effort will be made to induce the state to assist the veterans in furnishing their home.

One Major general and four brigadier generals will be elected at the convention. The present officers of the Kentucky division are Major Gen. J. M. Poyntz and Brig. Gens. J. H. Leathers, J. H. Briggs, J. M. Arnold, and A. H. Simain.

The entertainment committee has arranged for a reception Tuesday night at either the Galt House or the Louisville hotel, and a trolley ride to the various parks Wednesday afternoon.

Gen. John B. Gordon, commander of the United Confederate Veterans' Association, has issued a general order calling upon the Confederate veterans of Kentucky to contribute to the Jefferson Davis monument. The letter states that the report of the treasurer at the Memphis reunion showed a fund of \$32,673.06 on hand, with a large number of subscriptions uncollected.

WAITERS TO BE DEPORTED.

Washington, Oct. 18.—Warrants have been issued by the treasury department for the arrest and deportation of thirteen waiters employed at the Plaza Hotel, New York, on the ground that they entered the United States under contract.

BLUE AND WHITE.

The High School Selected Colors This Morning.

No Friday Afternoon Exercises Held on Account of the Crowded Condition.

The pupils of the Paducah High school met this morning after the session had been opened and selected colors for the year royal blue and white being chosen. This is the first year that colors for the entire high school have been selected and all the members will hereafter appear on the streets with royal blue and white ribbons.

At the basketball game tonight the High School team will wear the colors for the first time.

It was first decided that the Friday afternoon exercises formerly held at the Washington building by the High school would be continued this year but on account of the crowded condition of the school they will probably not be. The confusion attending the preparations of the big auditorium for the occupancy of the grades is also a drawback but if the auditorium is seated and the board will be petitioned to do this shortly, then there will be more entertainments at the building and the schools may reap a little profit occasionally by renting the room for entertainments such as Ralph Bingham and others who do not care to rent a place as big as The Kentucky.

USED A PISTOL.

PROMINENT YOUNG MAN SUICIDES AT SHELBYVILLE.

Shelbyville, Oct. 18.—Lee Wilson, aged 35 and unmarried, committed suicide this morning by shooting himself in his room. He was quite a prominent man, and no cause is assigned for the deed.

Mrs. F. D. Thurnas, wife of the proprietor of the St. Nicholas Hotel, had a relapse last night, and is much worse today. She has been ill for the past several days.

Next month elections are to be held

in Massachusetts, Pennsylvania, New Jersey, Ohio, Maryland, Virginia, Nebraska, Iowa and Kentucky. All were won by McKinley in 1900 except Virginia and Kentucky. There is no doubt but that the Republicans will carry Pennsylvania and Massachusetts, or that the Democrats will hold Virginia. The fight in Maryland is very interesting because a United States senator is to be chosen, to succeed Wellington, and Gorman is the Democratic candidate. Maryland went Republican in 1896 and 1900, but the Democrats elected a governor in 1899, and owing to Wellington's unpopularity, the result is this time in doubt. In Kentucky the result is likewise in doubt. The Republicans hope to get a majority in the legislature and elect a United States senator, and owing to this senatorial contest, the result will be awaited with unusual interest. The Republicans will in all probability carry Ohio and Iowa, although the Democrats are making a strong pull. New Jersey is likely to go Republican, but Nebraska is in doubt, as a fusion ticket may win over the Republican ticket owing to the indifferent fight the Republicans are making. New York City and Philadelphia are to have interesting municipal contests. Tammany will in all probability be beaten, being opposed by the united anti-Tammany organizations, who nominated Seth Low. Shepherd, the Tammany nominee, has always fought Tammany heretofore, and may to some extent be handicapped by his previous hostility. But Tammany realizing the danger of defeat, is exerting itself to win. The New York election, however, will probably create more general interest than any.

The Ohio Valley Improvement Association's meeting next week will be one of the biggest conventions in the history of Paducah, and it is hoped to accomplish much good. River men do not seem to think there is much prospect of getting an appropriation for a movable lock and dam, but are located near Mound City, but are confident that the association will declare in favor of the dike to be placed near Ogden's Landing and that such influence will be brought to bear congress will make the appropriation. The first named improvement would cost somewhere near half a million dollars, while the dike would not cost \$100,000. It is said

that the Pittsburg coal combine, which is greatly handicapped every year by its big boats being unable to get over the bar near Ogden's, will lend its influence to getting the proposed dike, which ought to insure it without a doubt.

A vote for the Democrats is a vote for Goebelism and a vote to assist the Democrats in carrying out their boasted intention of so gerrymandering the state that future Democratic defeat will be impossible. The state is gerrymandered now so that the Republicans have little chance to get a majority in the legislature, but the indications now are that a strong fight to prevent the Democrats from accomplishing their nefarious scheme will be made in every county in the state and with gratifying success. All fair minded men will vote to down the Democratic parasites who are trying to get a permanent hold on the state offices and keep them for all time to come within the "ring."

It is a strange fate that sometimes overtakes people. A New York man and wife visited relatives in Brooklyn, and were given the woman's brother's room to occupy. The young man was away from home at the time, and when he came in and lighted the gas discovered that his room was occupied, and hastily turned out the light, upon the situation being explained to him. It seems in his confusion he turned on the gas again, and the next morning his sister and her husband, who had gone to sleep unsuspectingly, were found dead from asphyxiation.

Buttermilk is the favorite drink for men, young and old, who are on the "water wagon." It is imbued by scores of people every day, and as it proves a good source of profit, is handled in nearly all the saloons, just the same as beer is kept on tap. As it costs but ten or fifteen cents a gallon, and retails for five cents a glass, it pays to sell it, and the trade has succeeded to such an extent that dairymen are beginning to wonder how they can supply the demand.

The female who had several hundred dollars' worth of new bank notes stolen in the \$430,000 express robbery bids fair to battle the Nashville police. Thus far they have succeeded in getting nothing out of her but the money she had.

No one is more familiar with the true condition of the country than the bankers, and their reports at the annual meeting at Milwaukee show that the nation is enjoying an era of the greatest prosperity.

People who have tried to keep up with the Schley inquiry court are getting exasperated, as they are beginning to wonder what it is all about.

WILL BE BUILT.

THE MASONIC TEMPLE SEEMS A SURE GO AT LOUISVILLE.

Mr. Charles Earhart, Major Ashcraft, Captain B. B. Davis and Dr. J. R. Coleman returned this morning from Louisville where they attended the Masonic grand lodge. The lodge voted in favor of the Temple, but the directors of the Widows' and Orphans' home refused the \$200,000 loan asked. It is claimed that the board formerly disposed of the old Masonic Temple at Louisville for \$97,000, which it had no right to do except by permission of grand lodge, which it did not secure. The grand lodge just closed demanded this \$97,000 be paid over to it at once, or no more assessments for the home will be paid.

NEWS NOTES.

County Attorney James E. Wright of La Rue died suddenly of heart disease.

Judge Monks, it is reported, will succeed Judge Woods of the Indiana, Illinois and Michigan circuit.

A light snow fell yesterday at Pound Gap, on Cumberland Mountain, on the Kentucky and Virginia border.

Nan Taylor, who drank whiskey and used tobacco for 100 years, died at St. Joseph, Mo., at the age of 110.

David M. Wolf, bookkeeper for the First National Bank at Tyrone, Pa., has confessed to an embezzlement of \$12,000.

President Roosevelt is putting an end to public handshaking, to some extent. He will be at Yale for several hours, but there will be no handshaking.

The Kentucky synod, which met at Hopkinsville, will meet at Lexington next year. L. O. Spencer of Henderson was elected secretary of evangelists work.

The Union Bank and Trust company has filed suit to foreclose on Grand Avenue Cave and the railroad in Edmonson county, which runs to it, on a \$15,000 mortgage.

A verdict for \$10,000 for the death of her husband has been rendered in favor of Mrs. Banks Gilliam at Russellville against the L. and N. Gilliam was a freeman.

The Merchants' Hotel, owned by J. C. Adams at Bardwell, burned yesterday morning; loss about \$15,000, \$5,500 insurance. Many guests lost their clothing and other property. The hotel will be rebuilt at once.

The Federal Chemical Co. is the name of an organization of Kentucky and Tennessee fertilizing companies, with a capital stock of \$3,000,000. The companies incorporated are the Globe Fertilizer company and Fox Chemical company of Louisville, and the Tennessee Phosphate company of Mt. Pleasant, Tenn.

LEPERS AT MOLOKAI SETTLEMENT IN HAWAII NOW NUMBER 909.

Washington, Oct. 18.—There are now 909 lepers and 164 clean persons at the Molokai leper settlement in Hawaii, according to a report just received from Chief Quarantine Officer Cofer, in charge of the marine hospital work in Hawaii. All these are housed, fed, clothed and governed for \$80,000 a year. The report praises the way in which these poor people resign themselves to their fate, and points out that such contentment can thrive only on a comfortable mode of life and good treatment. Surgeon Cofer reports he made careful inquiries as to the chances of the infection of the clean people working among the lepers, and that the general opinion was that in time they would become lepers. In the last ten years, however, only ten clean residents have become lepers. The results of known exposure to leprosy, says the report, show an uncertainty as to the chances of individual infection which makes the disease one of the most difficult to operate against. Women are said to be less liable than men. The three oldest patients at the settlement arrived in 1874, 75 and 79, respectively. The number of commitments to the settlements each year during the last decade, ranging from 132 in 1891 to 85 in 1900, show a gradual decrease, despite the fact that the hunt for lepers throughout the islands never before has been so vigorous.

A FEW BETTER.

ANDERSON COUNTY HAS A NUMBER OF NONAGENARIANS AND OCTOGENARIANS.

Lawrenceburg, Ky., Oct. 18.—The attention of the citizens of this county having been called to an item in The Louisville Times some days ago, relating to the longevity of the citizenship of Madison county, Judge J. M. Posey of this city, desires to see Madison's lead and raise the limit a few points. Judge Posey reports that there are now living in this county six persons whose united ages exceed those of the six reported from the former county by thirty-eight years. These aged people are as follows: James McGaughey, 97; R. W. Egbert, 94; Elder W. H. Bentley, 89; Peter Runt, 88; J. C. Waterlill, 88; Mary M. Smithy, 96. The total sum of these ages is 552 years, and the average age of the six persons is 92 years.

It is unnecessary to add that Anderson county has the reputation of producing the best whiskey to be found in the world, a reputation which Madison must attain before it can rival Anderson in the longevity of its citizens.

ASTOR AS ENGINEER.

HE RAN THE ENGINE TO HIS OWN SPECIAL.

Chicago, Oct. 18.—John Jacob Astor of New York dropped the role of millionaire and took up that of a locomotive engineer for a short time today. With blue jeans overalls and buckskin gloves, the Colonel sat on the right side of a locomotive cab and piloted the fast mail on the Lake Shore road. It was not a record-breaking performance, but it came very near the mark, and proved that at least one of New York's 400 can do things out of the usual. Col. Astor was scheduled to come to Chicago in company with President Stevenson Fish of the Illinois Central road, to attend the annual meeting which was held here. He missed the train to which was attached the president's private car, and the directors gave up the idea of having him at the meeting. Before they reached Chicago their doubts were dispelled by the receipt of a telegram stating that he would be here on time. And he was here.

PROMINENT PITTSBURGERS.

CAPT. JOHN F. DRAVO AND MR. J. FRANK TILLEY ARE COMING.

Mr. S. A. Fowler is in receipt of a letter from the Pittsburg coal exchange, stating that Captain John F. Dravo and J. Frank Tilley, the latter assistant secretary of the exchange, have been appointed delegates to the meeting of the Ohio Valley Improvement Association here next week, and will attend. It was hoped to bring a larger delegation, but some of them went to the Baltimore convention and cannot come here.

WOUND FATAL.

ALLEGED ROBBER WHO WAS SHOT NEAR EVANSVILLE.

Evansville, Ind., Oct. 18.—Henry McCarroll, the alleged safe robber who was shot while trying to board a freight train, died at the hospital. His companion, William Dunn, who was also slightly wounded, at the time of the McCarroll shooting, will be released from jail. He will return with the body of his companion to Nashville. The police have no evidence with which to hold him. No new developments.

Chas. R. Wessner, Evanston, Ill., writes: "My boy, 2-1/2 years old, had a severe cold, which refused to yield to any treatment until we tried Foley's Honey and Tar. He was completely cured before using one bottle. Take note but Foley's."

BIG PLANS.

Company Organized at Smithland to Mine Spar.

VALUABLE DISCOVERIES.

There are Many Interesting Matters From Livingston County Today.

THE BUTCHER STILL BUSY.

Smithland, Ky., Oct. 18.—The Pittsburg floor spar mining and manufacturing company has filed articles of incorporation in the county clerk's office here. The incorporators are W. R. Brown, Pittsburg, Pa.; Chas. E. Bostwick, Du Bois, Pa.; F. M. Barnard, Paducah, Ky.; Chas. Holmes, Alleghany City, Pa.; J. W. Greir, Pittsburg, Pa. The capital stock is \$50,000, and is all taken. The principal office of the company is Smithland, and it will begin operations October 21, 1901. Chas. E. Bostwick is president, and Chas. Holmes secretary and treasurer.

President Bostwick was here Monday looking after the company's interests, and is now at or near Golconda, in Livingston county, looking after the opening of mines on land leased here. The company is operating four mines six miles above here near the Cumberland river, and intends sinking several more new shafts in a few days. President Bostwick said to the Sun correspondent: "We have found fine floor spar, but that is not what we are after. We have struck lead and some silver. I am satisfied we will find both in paying quantities and intend to go down in the earth 1,000 feet if necessary. We have come into your county to do business. I know the county can not be excelled for its rich and undiscovered mineral resources. We have also found some traces of gold and there is no telling what we will strike in our explorations. There is no doubt about the value in this section of the county where we are at work." Captain Bostwick's company is engaged extensively in mining zinc in Missouri. He says he does not care whether he finds an ounce of zinc here or not.

The well known town butcher is exhibiting unusual animation this week. He is, however, still encountering much difficulty in supplying the constant demand here for beefsteak. The citizens here do not care for soup until the weather gets very cold. They like steak any season in the year and the obliging butcher has used the most strenuous efforts the past few months to satisfy his customers and honestly admits he has failed to a certain extent. There is such a demand for beef liver, according to the butcher, that he is obliged to dispose of it on the way to his shop to prevent himself from being annoyed. The butcher is supposed to be out in the country at present searching for fat beef cattle as he has not been seen since he closed out his stock of fresh meat at 6 o'clock Tuesday morning.

Emmett Dolson, colored, who was arrested in Paducah last Saturday was lodged in jail here. He is wanted here for assaulting his father and threatening to kill his sweetheart some day because she refused to marry him. The sweetheart left town as soon as Dolson was brought here.

Fred Champion was arrested here Monday on an indictment charging him with selling a pistol without a license. The accused gave bond for his appearance at the December term of circuit court. He resides in the Birdsville section of the county.

Tom Davis has purchased a house and lot here from Saunders Fowler, of Paducah. He will erect a handsome residence on it in the spring.

Gilbert Pressnell, the young groceryman, has begun the erection of a two story frame residence on Court street.

Harry Green, of Paducah, has accepted a position in the Banner office.

Attorney W. C. Clark returned from Paducah and Caliz yesterday.

Captain Wm. Edwards, of Paducah, was here yesterday.

Miss Virginia Throp is visiting in Evansville.

SOLDIERS FIGHT EACH OTHER.

London, Oct. 18.—The long standing feud between the Durham and Worcester regiments of infantry culminated in a serious affray at Aldershot, when the Worcesters, with fixed bayonets and ball cartridge, attacked the quarters of the Durhams. Severe fighting followed, during which many of the men were injured. A number of the Durhams are suffering from dangerous bayonet wounds.

J. Odgers of Frostburg, Md., writes: "I had a very bad attack of kidney complaint, and tried Foley's Kidney Cure, which gave me immediate relief, and I was perfectly cured after taking two bottles." Be sure you take Foley's.

GOOD STORY OF A BAD ACTOR.

Booth Tarkington, the author of "Monsieur Beaucaire," tells a good story of a certain western actor, a man who not only lacked the ability to act, but was one of the worst ranters ever seen on even remote western boards. Again and again he had been denounced as the "worst living actor," not only by the critics, but by his friends, who, in their efforts to make him abandon histrionic fields, often assured him that if he persisted in his endeavors to act he would some time certainly be mobbed by an over-exasperated audience. However, he pursued his way, albeit not without some misgivings.

At a far Western one night stand the climax was reached. The sale of tickets on that particular evening had been limited—at least, one of the reserved seats in the parquet had been taken. The 50 cent general admission tickets, however, had a fairly good sale, as theatrical performances in the town were something of a novelty. A large church "sociable" was another feature of the town's evening, and for that reason, perhaps, there were few women represented by general admission pasteboards. Perhaps for the same reason, also, the men thought 50 cents none too much to spend for an excuse to absent themselves from the latter function.

As is usual in country towns, especially where general admission tickets are held, the holders thereof arrived early, and at least half an hour before the performance was billed to begin the 50-cent seats were filled. Every one present knew every one else, and there was much whispering over the empty reserved seats. Finally one adventurous soul volunteered to investigate, and returned with the information that none of them had been purchased. After more whispered consultation it was decided to storm the box office in a body and ask permission to occupy the reserved seats. After much argument and wrangling, the agent told them that if none of the seats were sold before the raising of the curtain they might after a few minutes' wait and at a given signal, take possession. At 8 o'clock the curtain rose and in due time the actor, as Hamlet, advanced down the stage and began to rant. He had gotten well under way and was spouting his worst, when, at the given signal, the crowd rose, and each person, actuated by the same desire of securing the best of the front seats, rushed madly toward the stage.

The startled actor hesitated, paused, gave one look at the rapidly advancing crowd, and, believing that the oft-heard prophecies of his being mobbed were about to be realized, gave a frightened cry, turned, and, with wabbling legs, dashed off the stage. The townspeople saw no more of Hamlet that night. The next morning the actor was found by some of his friends, still in his play robes, hiding in a shed about three miles from the town of the previous evening's performance and near a railway station, where he had hoped to crawl unobserved upon some passing train and escape his supposed pursuers.

TO ARRANGE BEN HUR AFFAIRS.

Mr. S. C. Voria, supreme keeper of tribute, of the Tribe of Ben Hur, is in the city in the interest of his lodge. He is adjusting the complication of matters in the Floyd children policies which administrator F. G. Rudolph has filed suit to collect.

Backache should never be neglected. It means kidney disorder, which, if allowed to run too long, may result in Bright's disease, diabetes or other serious and often fatal complaints. Foley's Kidney Cure makes the kidneys well.

CANCER

The diseases most feared are those which are inherited—handed down from generation to generation, and family to family. By far the most destructive of these is Cancer, which finds the greatest number of its victims among the children and grand-children of those whose blood was tainted with this dreadful malady. You may carry this poison in the blood for years, but as the vital powers begin to wane a slight bruise or cut, wart or mole, sore or pimple may develop into Cancer. From middle life to old age is the time when the slumbering poison is most apt to break out, a sore or ulcer often degenerating into Cancer. Tumors become more progressive and ulcerate through the skin, the sharp, shooting pains causing the most intense suffering.

The Cancer patient naturally grows despondent as one after another the usual remedies fail, and the sore shows no sign of healing. The impurities that have been accumulating in the system, perhaps for generations, cannot be eliminated nor the poisoned blood made pure by salves, washes and plasters. The proper treatment is to purify and build up the blood, remove the cause, when the sore or ulcer heals.

Mr. J. B. Arnold, of Greenwood, S. C., writes: "A tiny ulcer came, just under the left eye. It began spreading, and grew worse rapidly, destroying the flesh as it went. As Cancer is hereditary in my family I became thoroughly alarmed, consulting the best physicians and taking many blood medicines, none of which did me any good, when one of our leading druggists advised me to try S. S. S., and by the time I had taken the second bottle the Cancer began to show signs of healing, the discharge grew gradually less and finally ceased altogether, the sore dried up and nothing remains but a slight scar. I feel that I owe my life to S. S. S."

wait until the blood is so polluted and the system so thoroughly saturated with the poison that no medicine, however efficacious, can check the progress of the disease. If there is a taint in your blood get it out at once, don't wait for some external evidence of it, the appearance of a tumor or ulcer. We have prepared a special book on Cancer which we will mail free. Our physicians are ready to help you by their advice and such direction as your case requires. Write us fully and freely—no charge for medical advice.

HEART DISEASE.

SOME FACTS REGARDING THE RAPID INCREASE OF HEART TROUBLE.

Heart trouble, at least among the Americans, are certainly increasing, and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stomachs, of poor digestion.

Real organic disease is incurable, but not one case in a hundred of heart trouble is organic. The close relation between heart trouble and poor digestion is because both organs are controlled by the same great nerves, the sympathetic and pneumogastric.

In another way, also, the heart is affected by the form of digestion, which causes gas and fermentation from half digested food. There is a feeling of oppression and heaviness in the chest, caused by pressure of the distended stomach on the heart and lungs, interfering with their action, hence arises palpitation and short breath.

Poor digestion also poisons the blood, making it thin and watery, which irritates and weakens the heart. The most sensible treatment for heart trouble is to improve the digestion and to insure the prompt assimilation of food.

This can be done by the regular use of food of some safe, pleasant and effective digestive preparation, like Stuart's Dyspepsia Tablets, which may be found at most drug stores, and which contain valuable, harmless digestive elements in a pleasant, convenient form.

It is safe to say that the regular, persistent use of Stuart's Dyspepsia Tablets at meal time will cure any form of stomach trouble except cancer of the stomach.

Full sized package of these tablets sold by druggists at 50 cents. Little book on stomach troubles mailed free. Address F. A. Stuart Co., Marshall, Mich.

ALARM BELLS.

ABOLISHED BY THE CINCINNATI BOARD OF FIRE COMMISSIONERS.

Cincinnati, Oct. 18.—The board of fire commissioners has abolished the custom of ringing alarms on fire bells. Hereafter none but firemen will know that a fire has started.

ALSO POPULAR HERE.

The Louisville Times says of Mr. J. W. Landrum of Mayfield, and popular in Paducah: "Another Landrum who is a chip of the old block is John W. Landrum, who will be the new deputy grand master this year, and who, in the general course of Kentucky Masonic events will be grand master next year. He is one of the youngest grand officers of the Kentucky lodge, and is not only an ornament to the organization, but a wheel-horse as well. Mr. Landrum is one of the most prominent citizens of Mayfield. He is secretary of the Carnival Association, a leading Templar, a popular Elk and an all around good fellow. He has many friends in Louisville. Like his father, he has served the cause of Kentucky Masonry well, and is held in high and wide esteem."

ROBBERS STILL AT LARGE.

Mr. R. L. Eley went to Gilbertsville this morning on business. There has been no clue gotten as to the identity of the robbers who burglarized his store at Clinton, and the total amount of goods taken amounts to about \$80, not as much as was first estimated. The new goods taken amount to \$60 and some old stock, the total amount of which could not be correctly estimated, was fixed at \$20. The police have been working on the case ever since the night of the robbery, but have found nothing.

Mrs. T. Bridgeman of Marshallville, Mich., was troubled with salt rheum for thirteen years, and had tried a number of doctors without relief. After two applications of "Banner Salt" her hands became better, and in a short time she was entirely cured. Beware of substitutes.

TO TURNER'S LAKE.

This morning a fishing party composed of Prof. John Dean, Mr. Al E. Young, Mr. J. C. Piper and Mr. Walter Smedley left on the Dick Fowler to be absent a week at Turner's Lake.

KILLED IN COURT.

Owensboro, Ky., Oct. 18.—Enoch Clary shot John Oldham through the stomach with a Winchester rifle in Magistrate Johnson's court room at Reed's Station, Henderson county. They had trouble over a lawsuit.

S. A. Ingalls, Crown Point, N. Y., writes: "My wife suffered from kidney trouble for years. She was induced to try Foley's Kidney Cure, and in less than a week after she began using it, she was greatly improved, and three bottles cured her."

AN ATTEMPTED JAIL BREAKING

CORONATION OF MAYFIELD'S QUEEN.

Mayfield, Oct. 18.—The coronation of Miss Ethel Cook as queen of the Elks' carnival will take place Tuesday night next, at 9 o'clock on the public square. The queen has chosen as her retinue the following gentlemen, ladies and children: King, Len Shaw of Hickman; maids, Misses Minerva and Daisy Cooley, Hallie Mooreman, Alice Allison, Willie Miller, Grace Smith, Teddy Key and Irene Paris, of Hickman. Lancers: Messrs. Theobald Farthing, Erv and Rob Albritton, Loch Bollinger, James Dismukes, Terry and Lucien Smith and Morris Marx. Bodyguard: Messrs. Otis Albritton and Earl Kitchin. Minister in State: Albert Miles. Pages: Jesse Anderson and Ellery Reynolds. Coronation maids: Mary Hall and Isabel Norman.

Dr. John L. Dismukes returned from Madisonville yesterday, where he has had charge of the hospital in the camp of state guards quartered there. The doctor intimates that Company H, this city, may be called to the scene of action, as the trouble is far from being over. The gentleman says one or two snap shots was directed at him during his stay and a longing to go home came over him.

Mr. J. N. Crutchfield, the county surveyor, was called to the section south of Wingo a few days ago, and found considerable excitement in that section over the discovery of a valuable mineral well. Its qualities were first discovered by a man named Minnie, who bored to secure water for his stock.

Mr. Rupert Wright, of this city, who left here a few weeks ago for Arkansas, is now city editor of the Daily and Weekly Soliphone, published at Paragould, Ark.

UNITED IN MARRIAGE. Dawson, Ky., Oct. 18.—William R. Milfin, chief deputy county clerk, and Miss Fannie Nesbit, one of Madisonville's most popular young women, were married at Earlington last evening.

WEALTHY FARMER SUE FOR DIVORCE.

Henderson, Ky., Oct. 18.—Mrs. Julia Oldham filed suit for divorce from her husband, John Oldham, alleging drunkenness and cruel treatment. The defendant is a prominent farmer worth about \$20,000. He is a large land owner and owns several race horses. The Oldhams have six children. The wife asks for the custody of the children and for alimony.

GRAND JURY SAYS IT WAS MURDER.

Hopkinsville, Ky., Oct. 18.—Robert Randolph, who shot and killed John Ford here last night, was captured this morning. Randolph claims the killing was accidental, but the verdict of the coroner's jury was to the effect that the shooting was done with murderous intent. The grand jury is investigating the case today.

MARRIAGE IN CADIZ.

Cadiz, Oct. 18.—Miss Tennie Harris of Kennedy, and Mr. R. P. Smith, of Clarksville, were married yesterday at the old Harris homestead near Kennedy. Miss Harris is well known by a number of Cadiz people, who extend best wishes.

Mr. Tom Scott and Miss Elsie Page, prominent young people near Fentrell, between the rivers, eloped just across the state line, the 31 of October and were married. They have returned and located near Fentrell.

ACCIDENTS IN MARSHALL.

Benton, Oct. 18.—Yesterday morning a bad accident befell young Boyd Loftin, son of Mr. Dumps Loftin, who lives two miles north of the city. While standing near a molasses machine his head got too close to the machine, and collided with the lever and wheel of a wagon, the mill being fastened to the wagon at the time. His head was badly crushed, and it is feared that the accident may prove fatal.

Jerry Williams of the railroad section force, had the misfortune yesterday of having his jaw fractured in two places by a hand car passing over him. He is resting easy today.

Bradley Harrison, the 18-year-old son of Mr. Hawley Harrison, was the victim of a painful accident Monday night while out "possum" hunting with a crowd of his friends. A tree was cut down, and while falling a branch of the tree fell off, striking him on the head and face, causing an ugly wound. His wounds were dressed by Dr. Stille, who says he is improving nicely.

ATTEMPTED JAIL BREAKING.

Metropolis, Oct. 18.—There is evidently something peculiar about the Massac county jail. It is only a few nights since a band of Kentuckians were trying to break into that stronghold. Now some of Jailer Mizell's guests have been trying to break out. In the still watches of the night he was awakened by a strange noise. It sounded like the hired girl prying open a can of tomatoes with a dull can opener. Or a toothless hobo gnawing at the corner of a plug of ossified Battle Ax. Mizell proceeded to investigate, and heard the prisoners scamper back into their cells as if they had been up to some mischief. Everything was apparently sound and secure. But a search in the morning revealed a common table knife, the edge of which had been notched into the shape of a saw. With this an evident attempt had been made to cut some of the iron bars.

Observations...at Random

We were quite amused at Judge Roberts one day during this term, says the Murphysboro Republican. He had a divorce case to deal with. It was this way. The judge was questioning the complainant in the case, a lady, and the judge said, "In what way did the defendant mistreat you; did he abuse and strike?" The judge never got to finish the sentence, for the female blurted out, "No sir; you bet he didn't!" (waving her hand in the air) "No man ever struck me, if I know it!" and the judge ran his pen through the suit as registered on the docket and said, "You don't need any divorce." And she never got any, either.

EDUCATIONAL INCREASE.

ABOUT 21 PER CENT. OF THE TOTAL POPULATION OF THE COUNTRY ATTEND PUBLIC SCHOOLS.

Washington, Oct. 18.—About 21 per cent. of the total population of the United States attend public schools and two per cent. of the rest attend private schools, according to the annual report of the commissioner of education. The grand total in all schools, elementary, secondary and higher, public and private, for the year ended July 1, 1900, was 17,020,710 pupils, an increase of 282,348 over the previous year. Of this number the enrollment in public institutions supported by general and local taxes was 15,443,462. Counting in special institutions, such as evening schools, Indian schools connected with asylums, reform schools and other institutions more or less educational in their character, increases the total number by half a million pupils. Public high schools have increased from 2,526 in 1890 to 6,905 in 1900.

NO DEVELOPMENTS.

IDENTITY OF THE MYSTERIOUS PERSONS AT THE COUNTY GRAVEYARD UNREVEALED.

The police have not yet learned anything new about the mysterious persons who secretly buried the body of a child in the county graveyard a few nights ago. They have been quietly at work since the discovery, however, and have not done any talking. It is learned that they hope ultimately to disclose the identity of the occupants of the buggy and to this end are working.

PLEA OF INSANITY

This is all That Will Save Harve Eddington.

A Paducah Man Is On Trial For His Life at Cairo For Killing His Wife.

Harve Eddington, of Paducah, is on trial at Cairo for killing his wife. The jury has been selected and the plea of insanity set up as a means of saving the prisoner's life.

Eddington resided here on a shanty boat a few months ago, and his wife had deserted him and gone down the river on a boat with another man, it is alleged.

Eddington followed, and overtaking them near Cairo, he shot the woman through the heart without warning, and was soon afterwards captured. He now claims to be crazy.

The Connel case was decided yesterday, the accused, Connel, being acquitted of killing McCracken near Mount City. The case had attracted considerable attention, owing to the prominence of the persons involved.

HABEAS CORPUS.

JUDGE EVANS WILL BE HEARD FROM THIS AFTERNOON.

The writ of habeas corpus taken out to prevent John Moore's being committed to jail to serve a four hundred dollar fine imposed against him at the last term of circuit court, was dismissed by Judge Husbands this morning at the courthouse.

Moore, it will be remembered, took the bankruptcy law soon after the fine, and it was thought that the amount of the fine would be taken from his assets, just as other liabilities. Referee Bagby, however, decided that it could not, and an appeal was taken to Judge Evans, of the federal court, and the habeas corpus was to give the defendant his liberty until the question is passed on.

Moore was turned over to the sheriff and gave bond until 4:30 o'clock this afternoon. If Judge Evans reverses Referee Bagby it will mean Moore will not have to pay the fine which will have to be taken from his bankruptcy assets.

COFFIN MAKER KILLED.

SEXTUS OXLEY KILLED NEAR JOPKA, ILL.

Metropolis, Ill., Oct. 18.—Sextus Oxley, the well known coffin maker who has been living at Jopka for several years, was in the city and started home in the afternoon. On his way, it seems, near Jopka he was thrown out of his wagon, in such a manner that the vehicle passed over him. Shortly after the accident he was found in the road by some one and carried by to a house nearby where he died in a short time. Mr. Oxley was old and feeble and it is said that he had been drinking and was partially under the influence of liquor when the accident happened. He was the father of Mrs. Maggie Forman, of this city.

EARL OUT OF JAIL

London, Oct. 18.—Earl Russell, who was released from the Holloway jail today is in good health.

The application of Countess Russell to make absolute her decree of divorce will be heard October 28. In the event of the application being granted, it is announced the earl and Mrs. Somerville will be married a few days later.

TO PATTERN AFTER AMERICA
London, Oct. 18.—The Indian secretary, Lord George Hamilton and the Viceroy of India, Lord Curzon, of Kedleston, have made arrangements for a conference of Indian railroad engineers at Calcutta in December to consider a standardization of locomotives, such as exists in the United States.

"We contemplated the alcoholic wreck with unmingled pity. A sinking ship, indeed!" we exclaimed.

"But the rats do not leave me!" shrieked the fellow, gesturing wildly. We extended to him the helping hand, of course, but he shrank away, mistaking this for a pink elephant.—Detroit Journal.

Teas—Did he really propose to you? Jess—Yes, and it actually made me shiver.

Teas—Why so? Jess—He asked me if I "would care to share his lot," and he looked so funeral I thought he referred to one in a cemetery.—Philadelphia Press.

"Oh, Mr. Longair!" exclaimed Miss Gushington, "there's one thing I do so admire about your drawings in the papers."

"Indeed?" replied the young artist, much pleased, "and that is?" "Your signature. I think it's just too cute."—Philadelphia Press.

She, at the afternoon tea, to him,—"Oh, I'm so glad you came. Mamma says it's almost impossible to get any man who is halfway decent to an afternoon tea."—Town Topics.

He—I told your father frankly I couldn't support you. She—What did he say? He—He said that he had the same experience.—Illustrated Bits.

Elderly Maiden, out rowing with a possible suitor and her little sister, who is frightened with the waves,—"Theodora, if you are so nervous now, what will you be at my age?" Little Sister—Thirty-seven, I suppose.—Stray Stories.

"Sir," cried the hello-girl, "we do not permit swearing though the telephone." "I'm not swearing through it," cried the irate man, "but at it."—Philadelphia Record.

JUST THE RIGHT MATCH.
"You know what a bookworm Lina Reed is?" "Well, she married a bookmaker."—Philadelphia Bulletin.

In a discussion, women use arguments just the way they fight through a work basket for scraps, in the hope they may find something that will match.

A woman who will study all day to see how she can make an old piece of lace go around the collar of her waist, can never understand how a man can figure all night over a plan to increase the product of his factory.

THE BURLINGTON'S CALIFORNIA EXCURSIONS; PERSONALLY CONDUCTED

Every Wednesday night from St. Louis and Chicago the Burlington's Personally Conducted Tourist Sleeper Excursions leave for California. The crowning feature is the route through Denver, Scenic Colorado, Salt Lake City.

Mr. Joe Bishop, manager of the St. Bernard Coal company here, has fully recovered from his recent illness, and is on duty again looking after the business of his company.

Captain Tom Harmon of the old Thryone, used to relate a story of a hen which he owned. He said that each time the hen laid an egg a rooster would crow lustily and excitedly announcing the fact to the world. There were certain hens of his flock that belonged to the gossip brigade and they were filled with envy because of this, so they went to the energetic hen and said: "We think it awful the way Mr. Rooster takes all credit for your success every day he crows and exalts over what is really your achievement," but the hen smiled cheerfully and answered: "Do not lose any more sleep over it, for he is my press agent."

Mr. John Wallace received his papers of application yesterday from Washington, D. C., requesting his signature and immediate return of papers. Mr. Wallace is now assured of receiving a patent on his wonderful water filter, which will no doubt place Mr. Wallace way up at the head of "easy street" with rooms at Prosperity hotel.

Col. Will S. Hays says the Paducah water ways convention will be a "corker" and the banquet an uncorker.

Captain Saunders Fowler is receiving daily letters from many prominent men interested in waterways improvements who say they will attend the convention to be held here next week.
